 Sharing journeys in the Highlands & Islands

What is IfYouCareShare?

Journey sharing is when two or more people travel together, usually by sharing a car or a taxi. IfYouCareShare aims to match journeys so that two or more people can share one car, whether for a one-off shopping trip or a regular journey to work.

www.IfYouCareShare.com is a public portal so it's perfect for long distance trips, as well as shorter local journeys.

Why journey share?

By sharing a journey you benefit from the convenience of a car, while saving money and fuel. Giving one person a lift could halve your costs and save you as much as £1000 a year.

Journey sharing also helps reduce congestion and pollution. And remember, fewer cars on the road make it easier to find a parking space.

How does it work?

www.IfYouCareShare.com works like an up-to-date version of a community noticeboard. By using a website to match journeys it's far quicker and more accurate than anything that was possible in the past. And it's free!

To begin journey sharing and taking advantage of all the benefits:
